Many of our clients move into unfurnished houses and do not have the basic essentials needed to maintain accommodation. We do not give vouchers directly to clients and they are used to buy items for clients when setting up a new home such as bedding, cutlery etc.

Please note, we do not have space to store large items at our day centre in anticipation of need, so vouchers are especially useful.

Please no alcohol. Also no toothbrushes, toothpaste, sanitary products or bars of soap as we already have a lot of these.
